The Finn thoroughly enjoys bathing and shares with the Japanese the custom of both sexes bathing together. Finns predominate in the country north of the Buna, or Dvina river, Here they are agriculturists. Further north they are Russia's fishermen trappers and hunters. They eatch for ty or more kinds of fish in the lake district, the best of which they send to the hig markets to the South Their own diet consists almost entire ly of fish and coarse bread. They mix stale fish with their flour and make a flat cake, to enjoy which the stranger first needs considerable ex perience and resolution.

'Gene Field's Humor. Eugene Field often liked a game of

whist in the evening, when he could "drop in" and was not "specially invited." One Sunday night when leaving the house of a friend he called out loudly, for the benefit of the rigid church members connected with the McCormick Theological seminary, across the street: "No. Charles Henry, I shall never play poker with you again on Sunday night,' much to the chagrin of Charles Henry, a model man who never indulged in poker on Sunday or any other night. -Elsie F. Weil, in McBride's Maga-
